Consumer Insights

Wellness First, Naturally

Post-pandemic, consumers prioritize natural, preventive healthcare solutions like immunity boosters and Ayurvedic remedies.

A woman with dark curly hair, wearing a light blue patterned shirt and a black and white checkered apron, is smiling as she cooks in a stainless steel pot on a gas stove. She is holding a wooden spoon and lifting the lid of the pot. A young boy with dark hair, wearing a pink button-down shirt and khaki pants, is sitting on the kitchen counter, looking at the woman. The kitchen has white cabinets, a white countertop, and a backsplash with various decorative items. A purple bicycle is visible in the background.

Moms Are the Wellness Gatekeepers

Mothers drive family health decisions and increasingly focus on self-care alongside caring for their families.

Tradition Meets Instagram

Millennials and Gen Z love heritage-based brands that package traditions in contemporary, visually appealing formats.
